

# Do They Turn You On

## The Whispers

Oooohoo oooohoooo  
Hey baby, how you been  
Have you been happy with your so called friends  
Tell me do they warm your feet in bed  
Work their fingers to the bone to earn your daily bread  
Do they turn you on all night till dawn  
Do they turn you on now do they  
Do they bring out the freak in you and satisfy  
you like I do all night long, do they

Listen sweet meat, I'm not here to fuss  
But I can't let cheap gossip come between us  
I'm whispering in one ear, your friends in the other  
Please answer me this before your mind gets too cluttered  
Do they turn you on all night till dawn  
Do they turn you on now I said do they  
Do they bring out the freak in you and satisfy  
you like I do all night long, do they

Lady please try to look ahead, you'll face  
a cold and empty fate. Girl stop being this mad  
Follow your own head baby,  
ooooh go on and use your own mind  
Follow the straight and narrow finding  
Cupid's arrow that will lead you to me  
Do they turn you on all night till dawn  
Do they turn you on now I said do they  
Do they bring out the freak in you and satisfy  
you like I do all night long, do they

Oooohoooo, ooooohoooo  
I really mean every word I'm bout to say to you baby  
All of you that I see pleases me, every inch of  
your body to your personality  
So undo you hair baby while I blow in your ear  
Kiss you anywhere that pleases you dear  
And after six days of love-making my sweet  
On the seventh day I'll rest where your two legs meet  
Do they turn you on all night till dawn

Do they turn you on now I said do they  
Do they bring out the freak in you and satisfy  
you like I do all night long, do they  
Do they kiss away the problems in your lovely, sexy head  
And after the loving girl do they bring you breakfast,  
lunch, and dinner in bed  
Do they, do they really love you like I do
