

# Try A Piece Of My Love

## Wild Cherry

Oh, I can see by the way you walk  
You're a lady that won't come easy  
Oh, but let me tell you something  
What it takes to please you

Try, try, try a little piece of my love  
Try, try, try a little piece of my love  
Try, try, try a little piece of my love

Oh, you just can't get enough  
You can't get enough, just can't get enough

Oh, you know your moves  
(You know your grooves)  
And you play them cool

But I'm turning on your heat  
(Turning on your heat)  
Come on now drop that act  
I'm no fool, no need to play it so sweet

Try, try, try a little piece of my love  
Try, try, try a little piece of my love  
Try, try, try a little piece of my love

Oh, you just can't get enough  
You can't get enough, just can't get enough  
(Just can't get enough)  
You can't get enough, just can't get enough  
Look at me now

Ooh, tell me honey  
I know everything takes a little freedom  
So good  
So try a little piece, come on

Try, try, try a little piece of my love  
Try, try, try a little piece of my love  
Try, try, try a little piece of my love

Oh, you just can't get enough  
You can't get enough, just can't get enough  
(Just can't get enough)  
You can't get enough, just can't get enough

Hey face it girl  
The time is right  
Hey all the science  
(All the science)  
Just keeps on getting stronger

Oh, lady  
(Lady)  
We can burn up the night  
Now don't you fight me  
Don't you fight me along, girl, come on

Try, try, try a little piece of my love  
Try, try, try a little piece of my love  
Try, try, try a little piece of my love

Oh, you just can't get enough  
You can't get enough, just can't get enough  
(Just can't get enough)  
You can't get enough, just can't get enough  
(Come on and)

You can't get enough, just can't get enough  
(Try, try, try, try, try a little piece of my love)  
You can't enough, just can't get enough  
(Oh, come and)

You can't get enough, just can't get enough  
(Try, try, try, try, try a little piece of my love)  
You can't get enough, just can't get enough

(Just can't get enough)  
You can't get enough  
(Just can't get enough)  
You can't get enough, just can't get enough
