Tell Somebody

Nitty Scott

yeah
Wassup baby
Lemme ask you a question
Don't tell nobody
Think you got my love
Making love
Watching the sunrise...
[Verse 1:]Hey there pretty lady
Saw you at the bar
And I was mesmerized
You might think it sounds crazy
But I ain't never been a man to lie
Girl I don't think your ready
Cause you can't keep a secret very well
And aye girl if you let me
I might give you somethin to run and tell
Aye and I could just see it now
[Pre-Chorus:]Tryna hold it in
Tryna keep it down
But you keep screaming ah ooh
[Chorus:]Your gonna wanna tell somebody
You gonna wanna tell everybody [x2]
[Verse 2:]And turn the lights down low girl
Cause you know I be waiting on you
Won't you hold me close girl
I'm a show you I got something prove
So go ahead tell all your girls
Yeah you tell em that I put it down

They all gon want a piece of this
So you better keep it to yourself
Annh
Yeah I can just see it now
[Pre-Chorus:]Tryna hold it in
Tryna keep it down
But you keep screaming ah ooh
[Chorus:]Your gonna wanna tell somebody
You gonna wanna tell everybody [x4]
[Bridge:]Just tell em how good it is

Oh yeah
And how it makes you fell oh ooh
And just tell em
(Gon girl tell it all)
How I'm pullin your hair from the back
And I got you shakin
Girl you better tell em all
That I'm just
A sexy sexy freaky freak
Just go and tell him
That I put it down
Oh
[Chorus:]Your gonna wanna tell somebody
You gonna wanna tell everybody [x4]
[Ourto:]And turn the lights down low girl
Cause you know I be waiting on you
Won't you hold me close girl
I'm a show you I got something prove
