Crazy Moon

Crazy Cavan

Crazy moon, you shine just like there's nothing wrong
Crazy moon, don't you know my baby's gone?
I told her she could leave or change her tune
Crazy me
Crazy moon

Crazy moon, don't you know that she's not here?
Crazy moon, can't you see that I still care?
And I'm going to need to hold her pretty soon
Crazy me
Crazy moon

Crazy moon, your silver light can't find the ground
Cause you're in the sky before the sun goes down
And we waste another lonely afternoon
Crazy me
Crazy moon
