The Boxer Rebellion

I dont wanna say
If it goes away
And I dont wanna try
You dont have to lieAnd I dont think I said
What I should have said
I never caught you out
Though I had my doubtsWait
When theres nothing left to waste
On a promise I can make
You dont want no one this way
WaitAnd I dont see inside
Where you try to hide
And I dont wanna do
What you asked me toWait
When theres nothing left to waste
On a promise I can make
You dont want no one this way
WaitWe see each other from the corners of the room
I think that when this mess is over
Never make a move
When all I see is broken down to every size
I will remember how I got here
Love in every eye
I dont remember if the rest are ever good enough
And I dont remember if the rest will ever mean as muchAnd I dont wanna say
If it goes away
And I dont wanna try
You dont have to lie
