Soft Shoulders

Sonnymoon

the more I move,
the worse it gets;
the more I move,
the more I sweat.it's getting harder
to face the light.
it's getting harder
to fight the fight.so many big ideas,
so many big mistakes.
I should shake my fear -
erase my face.[chorus:]
all I see -
soft shoulders rising.
all I see -
soft shoulders fall.it's getting harder
to seem that easy.
it's getting harder
to feel that free.[chorus]it's getting harder
to face the light.
it's getting harder
to fight the fight.[chorus x2]
