

Icarus Lives! (Bulbous Remix)

Periphery

Believe in memories to resurrect me
Besieged by falling dreams
Hold them tightly
Adorn my wings to thee, and use them nightly
I'm neither angel nor a demon spawn
Though some will call me god
Gravity is just a law I've wrought
Hear temptation take the sky for all to see
Sheer elation to write in history
I'm neither angel nor a demon spawn
Though some will call me god
Gravity is just a feeble plot
When I said I'd never kneel again
What I really meant
Was (fucking) pull the pin because time is spent
Unite with ravens on their shadow flights
As my nocturnal right
Gravity is just a mortal's vice
When I said I'd never feel or see
Love and sight are last resorts for me
