

I Love You (feat. Flowsik)

JYJ

JYJ (Jae/Yoochun/Junsu) "I Love You" Lyrics (feat. Flowsik)[RAP]

Give me a chance to explain,
along with some bouquets
girl I'm burning up in flames,
yet I'm too stressed to feel the pain
if only you believe me when I say I'm gon' change
but you know I ain't in this game,
for the money and the fame
I just want to see us secured so we can chill and start a family
Provide for the bills yet you don't seem to understand me
Want me to, give up what my plans be
just to see you happy,
girl I'll do it gladly So could I say I'm sorry, sure
But would it do any good, no
'Cause she's out of my life
And you never wanna see me again What can I do to fix this 'Cause babe,
I need you (need you)
more than the night sky needs the moon
Hey~
I gotta face the fact She's not here,
so I'm beggin you, to hear my cry
God I need that girl
If you must take instead my life I love you, I love you
I love you means this can't be
I love you, I love you
I love you's the only beginning
I love you, I love you
I love you, this ain't the end
I love you, I love you
I love you's the only beginning All you wanted was I love you
I was too insecure to
But if it brings you back
I will love you girl
LOVE you I am your man
And now
I'm beggin you, to hear my cry
God, I will be her man I love you, I love you
I love you means this can't be
I love you, I love you

I love you's the only beginning
I love you, I love you
I love you, this ain't the end
I love you, I love you
I love you's the only beginning[RAP]
I just
need a chance for me to show you my heart
cause the only other way to tell you is through my prayers to God
You're the brightest by far
amongst the brightest of stars
even though we argue know that I'm the type that
fights for the cause
Non-stop calls buggin I don't mean to
I'm sick of all these sequels,
I just want to see you
You're my other half,
we're each other's equal
So I ain't gon' stop until this problems solved because I need to,
I need you This is truly my fault
Cause when you left that day
It was tears from our fight
I should've made you stay I love you, I love you
I love you means this can't be
I love you, I love you
I love you's the only beginning
I love you, I love you
I love you, this ain't the end
I love you, I love you
I love you's the only beginning
I love you, I love you
I love you means this can't be
I love you, I love you
I love you's the only beginning
I love you, I love you
I love you, this ain't the end
I love you, I love you
I love you's the only beginning This is truly my fault
Cause when you left that day
It was tears from our fight
I should've made you stay
God I'm beggin you now,
Hear my cry
I really need this girl,
Bring her back today
