

# Slow Life

## Grizzly Bear

I think I know what's on your mind  
A couple words, a great divide  
Waiting in the wings, a small respite  
Crowding up the foreground from behind  
Even though you're the only one I see  
It's the last catastrophe  
Place your bets on chance and apathy  
Take anything you want, it's fine  
Keep up the slow life for the night  
Don't take it back, I'll just deny

This constant noise all the time

Even though you're the only one I see  
It's the last catastrophe  
Place your bets on chance and apathy  
From the wind in front of me  
Even though you're the only one I see  
It's the last catastrophe  
Place your bets on chance and apathy  
From the wind in front of me  
Even though you're the only one I see
