

Hey Luv (Anything) [feat. 112]

Mobb Deep

Can't believe you wanna leave me so cold
All I really wanted was to be with you, baby
I can't imagine ever living life without you
I'll do anything for you 'Cause I'm all turned out, I don't what to do
I feel so down and out, wish somebody'd tell me
Hurry up and tell me, what love is all about
Girl, you're driving me crazy and can't see you, baby
You can't leave me alone, I'll do anything for you
Anything for you But there is nothing I would not do
I'd travel across the seven seas to be with you, baby
Just believe, that I can make your wishes come true
'Cause I'll do anything for you 'Cause I'm all turned out, I don't what to do
I feel so down and out, wish somebody'd tell me
Hurry up and tell me, what love is all about
Girl, you're driving me crazy and can't see you, baby
You can't leave me alone, I'll do anything for you
Anything for you So many times I wonder, just how love could be so
Good to me, all I that I know is, when it comes to you
There are no limits, nothing that I won't do for you
(Wish somebody'd tell me, girl, you're driving me crazy
And can't see you, baby girl, I'll do anything for you
Anything for you) 'Cause I'm all turned out, I don't what to do
I feel so down and out, wish somebody'd tell me
Hurry up and tell me, what love is all about
Girl, you're driving me crazy and can't see you, baby
You can't leave me alone, I'll do anything for you
Anything for you
