

# Deep Honey

## Goldfrapp

Your wild lies  
Always start  
With wide, white lines  
Summer shine Your wild lies  
Always start  
With wide, white lines  
Summer shine You don't like the dark  
Fringed by the silver sea  
Always brave and pert  
Sunday sun your up Your wild lies  
Always start  
With wide, white lines  
Summer shine
