# It's Time

## Jules Bromley

Now's the time, no delay
Better get going now -
There's no more time to waste
More speed little less haste
Hundred miles I'm running,
Never touch the breaks
See them counting, counting -
Can't let them wait
Never Late

'Couse it's time
It's time
We eat the beating
Heat the street
Gotta keep moving,
Zooming down that winning road -
Avoid defeat
It's time, it's time
Better move quick
Gotta move fast
Don't wanna speed up
Gonna move past your time
It's time
It has no [?]

Time, Now, Me, Never, Go, Faster, Live, Forever [x2]

It's Time [x8]
Forever
It's Time [x8]
Forever

Time -
Now's the time, no delay
Better get going now -
There's no more time to waste
More speed little less haste

It's time
Better move quick

Gotta move fast
Don't wanna speed up
Gonna move past your time
It's time
It has no [?]

Now, Never, Faster, Forever
Time, Now, Me, Never, Go, Faster, Live, Forever
