Advisory - the following lyrics contain explicit language:

I shouldve known when I caught the glance
That girl just wasnt no count
I shouldve run but she started to dance
Thats when the money ran outWell, shes a heartbreaker, Im a mess
Shes a tornado, Im a trailer house
That girls a hurricane in a dressAnd she blows into town, loves me up and down
Just to watch me fall
She picks me up and then knocks me down again
Ima wreck y'all, shes a wrecking ballShe makes it easy to go down hard
She got me all tore up
Im just a sucker with a stupid heart
Who cant get enoughWell, shes a heartbreaker, hell on wheels
Shes a bulldozer, Im just in the way of a steamroller in heelsAnd she blows into town, loves me up and down
Just to watch me fall
She picks me up and then knocks me down again
Ima wreck y'all, shes a wrecking ballOh, shes a heartbreaker, Im a messAnd she blows into town, loves me up
and down
Just to watch me fall
She picks me up and then knocks me down again
Ima wreck y'all, shes a wrecking ballShe blows into town, loves me up and down
Just to watch me fall
She picks me up and then knocks me down again
Ima wreck y'all, shes a wrecking ballIma wreck yall
Better watch out for that wrecking ball
Whoa, Im a mess
Shes a wrecking ball
