

Selfish

Slum Village

Advisory - the following lyrics contain explicit language:

I'm callin'
(Yeah, maybe I'm selfish)
Out to
(I want you to myself I can't help it)
All my
(Yeah, maybe I'm selfish)
Y'all my, ladies and I can't
(Maybe I'm selfish)
I can't, let you, let you
(I want you to myself I can't help it)
Be with, yeah, no one, yeah, but me, yeah, baby
To my thick chicks down in Texas
All the way to New Orleans where the girls cook catfish
And in L.A. every chick's an actress
Hollywood status with the shaded glasses
To Detroit, yeah, the place that I rest
Where the ladies got ass to sell a lot sex
And hot Atlanta y'all is one of the best
Where they speak southern and slang and smoke la cessa
And New York women are way too fresh
Too much on your mind let me ease that stress
I wish you all were mine it's so selfish
Maybe I'm feelin' myself too much I guess
But to my ladies all across the globe
In small towns that I don't even know
To all local international codes
Whether you see me in streets or catch me at shows
I'm callin'
(Yeah, maybe I'm selfish)
Out to
(I want you to myself I can't help it)
All my
(Yeah, maybe I'm selfish)
Y'all my, ladies and I can't
(Maybe I'm selfish)
I can't, let you, let you
(I want you to myself I can't help it)

Be with, yeah, no one, yeah, but me, yeah, babyUh, and I'll be tryin' to come around my girl actin' like Mr.
