

# Talk About Me

## Kenny Brown

Writing down every word you said  
Just to watch 'em go to flames  
Tried to break down my confidence  
Well your bullets ricochetOh, you hid behind  
    Oh, your mask of lies  
    How did I ever fall for that?  
A monster dressed as a saintAnd you say that I'm crying for ya  
    I heard you whispering  
    No, I just feel sorry for ya  
    If that's what you think  
    Then talk about me  
    Talk about me  
    Talk about me  
Talk about meOnce again, went and set your trap  
    Oh I know I took the bait  
    Now you're covering up your tracks  
Finding ways to curse my nameOh, you hid behind  
    Oh, your mask of lies  
    How did I ever fall for that?  
A monster dressed as a saintAnd you say that I'm crying for ya  
    I heard you whispering  
    No, I just feel sorry for ya  
    If that's what you think  
    Then talk about me  
    Talk about me  
    Talk about me  
    Talk about me
