

# Real Eyes

## Babes in Toyland

3 seas between us and the very next bus  
And it takes so long to get there  
'Cause the now and here is nowhere  
Heretic-toc goes the Easter clock Your friends, they're really not  
I can't take it anymore, I realize  
I real eyes, I real eyes your lies  
Are from your own eyes, I real eyes 3 seized between us and the very next bus  
Got a 30 dollar pocket, built a plank  
It begs, so walk it, every thought is mine or not  
Just get your fingers off my spot I can't take it anymore, I real eyes
