

Declaration Of Love

Melinda Doolittle

You are my night in armor, the hero of my heart
When you smile at me I see a true world go up
The river is getting deep, believe it
You're all these arms of mine wanna hold
All wrapped up with a river
Baby, I'm giving you this heart of gold
So listen up it's you I trust
I feel magic every time that we touch
I pledge allegiance to the heavens above
Tonight to you baby I make my declaration of love
Hey, of love
Just like Juliette belonged to Romeo
You can stay prepared that I won't be letting you go
In the heat of the night so right
You taste my sweetness on your lips
I'll make it better than you ever dreamed
And the rest of your life will be just like this
So listen up it's you I trust
I feel magic every time that we touch
I pledge allegiance to the heavens above
Tonight to you baby I make my declaration
So listen up it's you I trust
I feel magic every time that we touch
I pledge allegiance to the heavens above
Tonight to you baby I make my declaration of love
In the heat of the night so right
You taste my sweetness on your lips
I'll make it better than you ever dreamed
And the rest of your life will be just like this
So listen up it's you I trust
I feel magic every time that we touch baby
I pledge allegiance to the heavens above
Tonight to you baby I make my declaration of love
I declare my love
My declaration, my declaration
My declaration, my declaration
I declare all my love for you
My declaration, my declaration
My declaration, my declaration
My declaration, my declaration
My declaration, my declaration
My declaration of love
