Ghost

Sharoom

I'm in the darkness and I'm heartless, according to the nonsense, that they talk since I refused to work with an artist who was artless. I just told the the subject about parties, was retarded, I was just honest, I'm not flawless, I don't make music for profit.
Are you out of your mind? Don't youn want some of the shine?
I want it but I don't want it if it means I have to slice. I'm not faking a smile so you'll like me, I'm not watching my mouth, you me and I meant it, I'm not waiting three years again for my fucking payments.
Are you out of your mind? Don't you want some of the shine?
I want it but I don't want it if it means I have to work with these guys.
Where every episode shows talent and it's all about "what are you wearing?" if I have to be careful with swearing then I would rather be transparent, like a ghost!
Because I've been in the light shining bright, and I will continue to shine, i will shine in the night like a ghost!
Because it didn't feel right with them by my side, so I this time I will try to fight my way back to the light like a ghost!
It's not about music no more, it's all about milking every last drop out of these children, until the bucket is filled with *millions* they catch your attention through appearance that's the only reason the bitch is performing naked in television.
"tell me I'm beautiful, tell me I'm talented" it's all that you want to hear isn't it, you attention seeking fucking animals? "give me some compliments, give me some confidence"
I'm the opposite kiss my ass and I sincerely hope you choke on shit.
Ghost! Because I've been in the light shining bright and I will continue to shine, but tonight I will shine in the night like a ghost!Because it didn't feel right with them by my side, so this time I will try to fight my way back to the light like a ghost!
