Damn

[Girls Aloud](#)

And if you tell me what the hell I should really do
Whenever you're around I fail to move it, yeah
All I can really do whenever you're in my head
Ooh, yeah
And if you tell me what the hell I should really do
Whenever you're around I fail to move it, yeah
All I can really do whenever you're in my head
Ooh, yeah
About girls who take good care
I done that, I don't know where
You gonna get to know my name
Your body's set if you get me tame
About boys who take good care
I done that, I don't know where
You gonna get to know my name
Your body's set if you get me tame
Jail got bust like bail, got dead of the night
The chance stops here, stops there
It's the tale of the times
She said, damn, I lost my number and I lost my head, baby
Now, I thought about it and I could be dead, baby
Damn, I lost my number and I lost my head, baby
Now, I thought about it and I could be dead
And if you tell me what the hell I should really do
Whenever you're around I fail to move it, yeah
All I can really do whenever you're in my head

Ooh, yeah
Tell me what the hell I should really do?
Whenever you're around I fail to move it, yeah
All I can really do whenever you're in my head
Ooh, yeah
Doin' it, doin' it, doin' it, doin' it
Doin' it, doin' it, doin' it, doin' it
Jail got bust like bail, got dead of the night
The chance stops here, stops there
It's the tale of the times
She said, damn, I lost my number and I lost my head, baby
Now, I thought about it and I could be dead, baby

Damn, I lost my number and I lost my head, baby
Now, I thought about it and I could be dead
And if you tell me what the hell I should really do
Whenever you're around I fail to move it, yeah
All I can really do whenever you're in my head
Ooh, yeah
Tell me what the hell I should really do?
Whenever you're around I fail to move it, yeah
All I can really do whenever you're in my head
Ooh, yeah
Doin' it, doin' it, doin' it
Doin' it, doin' it
