Off

Trash Panda

Chalk it up baby to tacit haze
Running through a grocery of childish phases
Cover up my mouth with greasy hands
Chew and swallow pills straight from Satanâ€™s cabinet
Swear to god I spent a lifetime building habits
Swallow down the hard stuff before its chewed

Iâ€™ve been down before, but Iâ€™m never so down as when I get down with you
Iâ€™ve been off before, but Iâ€™m not never so off as when I get off with you

Spiral down lower into plastic hell fire
Shoot me up with promises of equal word power
Cover up my eyes with greasy hands
Pacify to urge to seek out happy countries
Let go of the ledge and fall down where the void bleeds
Let me inside your haunted dreams

Iâ€™ve been down before, but Iâ€™m never so down as when I get down with you
Iâ€™ve been off before, but Iâ€™m never so off as when I get off with you
Iâ€™ve been down before, but Iâ€™m never so down as when I get down with you
Iâ€™ve been off before, but Iâ€™m never so off as when I get off with you
