

Greedy

Lyfe Jennings

See Im a wanted man barely living in these streets
Since child support saw fit to put a warrant out on me
Say I owe em sixty-five hundred and they want their money
And its so funny cause they know, I aint got that kinda dough
Like its my fault that she got on welfare
I told her we can go half on the Similac and the daycare
But no, she got comfortable at the bottom and wanted to stay there
And I dont know how this gonna turn out
So y'all keep me in your prayers
Oh, this crazy, lazy lady
Using this baby for revenge and money
And I dont think its funny that she plays the innocent mother
When its the other way around, she aint needy, she greedy
See when I start back working they gonna take all my
dough
And then they wonder well, what the hell I aint working fo
All of this attention on this boy about some back child support
When they killing each other by the dozens out here
Every day just for sport
With bills stacked up to his chinny-chin-chin summoning him to court
Then all of his friends call him a worry-wart
Now all the money they gave her, I gotta give it back
Like I was the one living rent free and getting food stamps
Oh, this crazy, lazy lady
Using this baby for revenge and money
And I dont think its funny that she plays the innocent mother
When its the other way around, she aint needy, she greedy
No, say it again y'all
Get your own Ma
Get your own Ma
You're just greedy
Oh, this crazy, lazy lady
Using this baby for revenge and money
And I dont think its funny that she plays the innocent mother
When its the other way around, she aint needy, she
Oh, this crazy, lazy lady
Using this baby for revenge and money
And I dont think its funny that she plays the innocent mother
When its the other way around, she aint needy, she greedy
