The witch must die[STORY:]The cult of Jeanne d' Arc is an
extraordinary myth.

Born in 1412 she played a major role
in rallying the flagging forces of Charles VII
against the English occupier.

She got captured and sold to the British,
and even let down by the French King Karl.

Jeanne d' Arc was burned alive at the age
of 19 on Rouen's old market square.

Since the last century, she was spoken of as a holy
Person, after the English admitted their fault,
years after her painful death.
