System Addict (M&M Remix)

Five Star

Take a look at me
Wired to a machine
Never would believe it
This can't be happening
Boxes that go beep
Little lights that leap
Tapping on a keyboard
What's happening to me?
And when the electricity starts to flowThe fuse that's on my sanity's got to blow
System addict I never can get enough
System addict never can give it upBeauty or a beast
Don't know which I see
Still I couldn't leave it
Fascination won't cease
You know it's got the best of meSight and sound untangled in complexity all around
System addict I never can get enough
And when it gets to be too much can't go on
I really need the human touch
But I'm too far gone
Yes
I'm too far gone
No I can't go on
