

# Darling

## The Cerny Brothers

oh, lover, your eyes are turning gray  
storm clouds are moving  
on the light in your face  
oh, lover, alone in your bed  
i'm writing you a song  
with the devil from your head

oh, trouble, trying to rob me blind  
but i've got a soul that you won't ever find  
darling, don't you worry about a thing  
cause i'm gonna buy you a diamond ring  
darling, don't you say one more thing  
worry's riding in on a mighty wing

oh, mother, have you seen the way  
these girls they walk  
and the games that they play?  
oh, mother, they're dressing like they know  
how to move my bones  
but i don't let them in my home

darling, don't you worry about a thing  
cause i'm gonna buy you a diamond ring  
darling, don't you worry about a thing  
about one little thing  
about one tiny thing  
about one little thing
