Worn Out

Today Is the Day

I cannot see the sign You will
not punish me The sun will
never shine God damn me
Sometimes I feel insane
I think I have no brain
My answer I answer will not
be yours I cannot be this way
But still I feel afraid
I wanna kill
this pain She bled me But in another way
I wanna feel the same Can't spend
another day She bled me She led me
She left me dry
