Girls Say

The Jacka

Oooooh baby baby baby
Yo
Oooohhh j j
Its your turn your ass on me
Platter around my wrist and my hips are poor thing
Still fuck your motha cause shes a cold fiend
Got bitch overnight it all started from a dream
Introduce me to your wife now that?s the wrong thing
Got chicks everywhere everytime my phone rings
It?s a light skin thing or maybe it?s a dark one
Got so many whips
I cant remember why I parked with some
Celebrate everyday
My childhood was a harsh one
But im back 20cs stacked in my pocket
My fingers hang and yo girl wanna rock it
My finger is loyal in count of stock markets
Make a million dollars while you other rappers talkin?
Baby baby baby baby
And all the girls say
Ohhhh jack
Say say jack
And all the girls say

This aint PDiddy making their thing
This is a G in PC city waving my hand
On the stage while the crowd goes skeet skeet
God dam man little mama over there why she playing
I see you peaking
But you ain't speaking
Im from the bay but I hit LA every weekend
She said shes cuban but I thought she was puerto rican
Fire up this purple when the gals start eaken
I guess its been a while since a treal nigga has been around up in a down shitt
It was real spontaneous
Shes not the smartest chick but she got brains
J
And all the girls say say
Oooohh

Say baby say baby baby
And all the girls say
Ooohh j
Say say j
And all the girls say say
Ooohh
Say baby say baby baby
And all the girls
Oooooohh j
Say say j

Stop at the lights
Let the street do a hunnit
Leave the hoes for a second
They ain?t done it
Let the block one time for my niggas out there
Tv's in the scraper let the whistle's pipe blare quite
Can?t see where you are at but they need you everywhere
22?s on the benz shockin? with the fifth wheel
be slapping soo hard giving these niggas the chills
But in all you all for contrails
Never pop pills but I pop stuff with the steal
self made millionaire
You sell your soul to get a deal
You are really just a square
Trying to compete with a player but it will never work
Im a rich mutha fucka!
I never work
J
And all the girls say say
Oooohh
Say baby say baby baby
And all the girls say
Ooohh j
Say say j
And all the girls say say
Ooohh
Say baby say baby baby
And all the girls
Oooooohh j
Say say j
