The Sun Is Going Down

Steve Miller Band

Do doot do do dooo
Do doot doot do do
Do doot do do dooo
Do doot doot do doSittin' in a bar in San Francisco
Got no place to go
Sun is going down, man
Sun is going downSittin' in the bar out at the airport
Tryin' to flag a plane
Plane she won't fly
Plane she won't flyI've been travellin' such a long, long time
Out here on this road
I've been livin' such a lonely life
Tryin' to get back home
Livin' a lonely life, tryin' to get back homeDo doot do do dooo
Do doot doot do doI've been livin' such a lonely life
Out here on this road
I've been livin' such a lonely life
Tryin' to find a home
Tryin' to find a home
Sun is going downDo doot do do dooo
Do doot doot do do
