

Sleepwalker

[Andrew Combs](#)

I am the sleepwalker
Lonely shadow in the night
Looking for my lost lover
Hiding in the canyons of my mind But you can't help me
If you don't want me
Any other way I try and spin it around
Confusing helpless with feeling selfish
I know, but baby it's hard these days
Sleepwalking,
I'm sleep-calling out your name
No need to wake the doctor
No need to send for help
For I am the sleepwalker
Sleepwalking after no one else But you can't help me
If you don't want me
Any other night I might be sleeping sound
Confusing dreaming with maybe believing
That you'd come wandering back this way
Sleepwalking,
Sleep-calling out my name
But you can't help me
If you don't want me
I know, but baby it's hard these days
Sleepwalking,
Just sleep-calling out your name
