

# Who What When (feat. Meek Mill)

**T.I.**

You are gonna decide on who what when  
Nothing of that if they got a problem tell them .. of that  
Matter fact you ain't got to tell them that i am gonna tell them that  
If these niggers .. we are gonna AK47 with a double  
Fucking with the wrong one yeah i got a short .. but i got a long run  
Call it a chicken wing cause it got a .. drama  
Now these niggers sacking me cause i just got a long run  
Count down this money fucking all these hoes  
These niggers looking at me funny when i pull up in their  
You are good for talking on twiter week up for spanking on niggers  
Broad day walking on niggers .. fuck you  
Who what when .. you were saying say .. damn for a nigger would  
Who what when then strap you .. with them too  
You want to find me you can find me at the top of the list  
If they ever let me in i won't stop for shit  
.. nowadays get up the .. hating on their .. i am looking fly whatever i mean  
When you see a nigger standing with a dick in my hand trying to ..  
I sold once i sell again .  
Who what when .. you were saying say .. damn for a nigger would  
Who what when then strap you .. with them too  
I am going for another round .. the only time we show love is  
Nigger a key to .. dirt bites with me .. fade away leave a nigger  
Losing an empty spot .. my niggers getting wasted .. money addicts  
Knocking with a cleaver ..  
Who what when .. you were saying say .. damn for a nigger would  
Who what when then strap you .. with them too
