

# Soul Sound

## Sugababes

I touch the sky all around in our eyes  
And who wouldn't believe  
What's happening to me  
Expectations all around  
My intuition knows no doubt  
I could lose my way on this merry-go-round So I, like a bird will fly  
To see just what could be  
And patience I will learn  
Before this fire burns Intuition's got a hold on me  
There's magic in the air  
I wanna breathe  
Change, change all around  
Go with the rhythm The soul sound  
(Oh mmm)  
The soul sound  
(Mmm, mmm)  
The soul sound  
(Oh mmm)  
The soul sound So I, like a bird will fly  
To see just what could be  
(What could be, yeah)  
Patience I will learn  
Before this fire burns Intuition's got a hold on me  
There's magic in the air  
I wanna breathe  
Change, change all around  
Just go with the rhythm The soul sound  
(Oh mmm)  
The soul sound  
(Mmm, mmm)  
The soul sound  
(Feeling free)  
The soul sound Dun-duna, duna-duna, dun-duna, oooh  
Soul sound  
Dun-duna, dun-duna, dun-duna, dunnn  
Wait a minute soul sound  
Ahh, ooh ahh, ooh ahhh, ooh ahhh The soul sound  
(Oh mmm)  
The soul sound

(Mmm, mmm)The soul sound  
(Mmm, mmm)  
The soul sound  
(Mmm, mmm)  
The soul sound  
(Wait a minute soul sound)The soul sound  
(Mmm, mmm)  
The soul sound  
(Mmm, mmm)  
The soul sound  
(Wait a minute soul sound)The soul sound  
(Mmm, mmm)  
The soul sound  
(Mmm, mmm)  
The soul sound  
(Wait a minute soul sound)
