

# Witch Hunt (KROQ Mix)

MDFMK

Bolts of lightning, out of the blue  
Without forewarning, the heat is on you  
Watch what you say, the phone maybe tapped  
Under heavy surveillance, looks like you're trapped Under investigation, whether guilty or not  
Without your own doing, you're part of the plot  
Trying to hide, going underground  
Just a matter of time until you will be found Witch hunt, guilty by association  
Witch hunt, systematic defamation  
Witch hunt, process of elimination  
Witch hunt, demonized and sacrificed The noose is tightening, there's no return  
Moral cleansing, free thinking must burn  
This is serious, your face in the mud  
The end of the story is written in blood Freeze, down on your knees, beaten and bound  
Tarred and feathered, they parade you around  
The media is feasting, your face on the news  
It's a feeding frenzy, a mob on the loose Witch hunt, guilty by association  
Witch hunt, systematic defamation  
Witch hunt, process of elimination  
Witch hunt, demonized and sacrificed Witch hunt, guilty by association  
Witch hunt, merciless interrogation  
Witch hunt, ill-reputed executed  
Witch hunt, witch hunt, burn that witch You've always been different, you've spoken your mind  
Set yourself apart, now they hate your kind  
A foreign element, the unknown factor  
An alien component, the Hannibal Lecter It doesn't matter what you say or do  
There is no justice, no future for you  
Because you're the scapegoat, you are to blame  
This is your life, 15 minutes of shame Witch hunt, guilty by association  
Witch hunt, systematic defamation  
Witch hunt, process of elimination  
Witch hunt, demonized and sacrificed Witch hunt, guilty by association  
Witch hunt, methodical eradication  
Witch hunt, crucified by morning light  
Witch hunt, witch hunt, burn that witch It doesn't matter what you say or do  
There is no justice, no future for you  
Because you're the scapegoat, you are to blame  
This is your life, 15 minutes of shame
