

# Depression

## Special Duties

Sitting at home with nothing to do  
Feeling part of a human zoo  
Got no future, nothing for me  
I wanna go out but I ain't got no money  
Depression, it's all around me  
Depression, it's all around me (x4)  
I'm in the pub with a beer  
Closing time is getting near  
Nothing to do at closing time  
Is having fun some kind of crime  
Depression, it's all around me (x4)
