

# Jah Reign

Duane Stephenson

Jah reigns over man  
Like the air over man  
Jah reigns over man  
Just like the air over man  
Jah reigns over man Johnny looked at his father and said  
I'll be coming home soon  
Johnny was a good good man  
And though he lived in Babylon  
Johnny tried he tried  
Johnny was a working man  
So I said  
Some time ago  
For reasons no one knows  
Johnny trade his soul for gold  
Now he's afraid  
Of the voice in his head  
Trying to hold on to who he used to be  
Let righteousness be set free He say woy woy woy like the rain over land  
Jah reign over man  
He say woy woy woy like the rain over land  
So Jah reigns over man Time and time again  
Sandra was told to settle down  
She worked her fingers to the bones  
But with five mouths to feed  
So lost in the things that she needs  
Fighting so hard to survive  
Oh woman she cried  
...  
Oh father please help to fill me  
'cause I'm thirsty  
Let righteousness be set free She cried woy woy woy like the rain over land  
Jah reign over man  
She say woy woy woy like the rain over land  
So Jah reigns over man I and I never trod alone  
Rasta see I as his own  
Our people always a fight down evil  
Day to day we live  
Some have nothing ...
