Bent But Not Broken

Face to Face

Why we are so so surprised every time we buy the lie, whoa
Why we pursue the truth even when itâ€™s hard to do, whoa

And all we want is to believe
Itâ€™s ok if weâ€™re slightly deceived
Maybe weâ€™re missing the point that weâ€™re listening
To liars and fakes

Whoa, bend but you just wonâ€™t break
Whoa, some things will never change

Why are we so slow to say weâ€™ll figure out another way, whoa
Why are we so quick to judge anyone whoâ€™s not like us, whoa

And all we want is to believe
Itâ€™s ok if weâ€™re slightly deceived
Maybe weâ€™re missing the point that weâ€™re listening
To liars and fakes

Whoa, bend but you just wonâ€™t break
Whoa, some things will never change

You said that you would never be a monster walking with the rest of them
Iâ€™d barely recognize if there was anything left of you, well I want something more

Whoa, bend but you just wonâ€™t break
Whoa, some things will never change

Whoa, bend but you just wonâ€™t break
Whoa, some things will never change
