All My Life (feat. Chris Brown)

Jacquees

Right, yup
Right, yup
Right, yup
Right, yup
Jacquees sing, yeah, yeah
Hey!I got a crib with a nice view
You and your girls should slide through
Wasn't doing shit anyway
Might as well bring your ass here to my place
I got some drink if you want some
Girl, we live and we on one
2 on, yeah, we 2 on
Bad bitch singin' to this song
'Cause they know, 'cause they know who we are (right)
We'll be doing that same shit tomorrow (yup)
This that life that we livin' and that ain't changin' (what)
They just know that we livin' the life
These other niggas ain't doin' it right (right)
I'm fuckin' me a bad one,
if her friend like her she can have some, yeah (right, yup)This ain't new to a nigga, I've been doing this all my life (what up)
These hoes be glued to a nigga (what up)
So I'ma keep doing what I'm doing (straight up)
Blowin' money like it ain't nothin' new (straight up, straight up)
Poppin' bottles like a real nigga do (straight up, straight up)
Really I could give a fuck about you (straight up, straight up)
As long as I'm doin' what I'm doin'
My shit jumpin', tell that bitch twerk somethin'
She said she do a private show, girl,
