

Labasa

Chad Valley

This time man, I feel the wind blow
I won't know which way to go
Now all the lights are blurring into one
Burning like a soldier in the sun If I were just a saint, I'd do no wrong
I would know to stay this strong
Penny black and pouring from your gun
Blister in the morning sun [Chorus]
I surrender your love
Have a lot of time left, don't let go
Don't you lose faith once more
Haven't lost sight of going home Be my rocking horse, I'll be your gun
I don't know what I've become
Raking all the piles of broken leaves
Growing from the roots of trees You seem like a soul who's done no wrong
Heaven has sent a soldier over son [Chorus] x3
I surrender your love
Have a lot of time left, don't let go
Don't you lose faith once more
Haven't lost sight of going home It's so grey, I lied,
I'm never coming home,
I'm never gonna love
Code red, I sense, I never want to know
Your good kid will never come
My life is blessed with something great of them
The good time life of bliss
All I can say is sorry that I gave
Too much of nothing else
