Im with a dyke bitch switching lanes
I dont even know her first name, last name
Raised in the era of the dope king
We vibe pump pump, pumpin nigga brakes
And my daddy had a Cadillac
And now his son got a Maybach
When niggas feeling where the ballers at I be like right here
She gon give me head for a LK hat yea
So sick man, Im fully trippin
I put my dick in a young vixen and dismiss em
A one hitter, a king Griffy, a Scottie Pippen
And pass em off to the next victim
A nigga reptile like rep gank
Believe or not you niggas Ripley
You niggas too J Qwan tipsies
Til that cannon let loose if you let be motherfucker(Pre-Hook)
Got 100 bottles on ice
I got all my bitches in the club tonight aye
And came here with me tonight
If its a 187 all my niggas gon ride it(Hook x2)
Throw it up (Throw it up)
Throw it up (Throw it up)
Got my whole hood with me and we trippin
We about to throw it up (Throw it up)
Throw it up (Throw it up)
Got all my bitches in the VIP
Throw it up
