Cambridge California

Lilys

Hope you're free and better now
Your ceiling's gone
Hope your getting out more
Now the roof ain't on

Deanimation king who did not come to fix things
Now doesn't have to tell you why
So kick off your shoes
And feel some kind of free
For I may say things that make you feel beautiful

I did not mean to interrupt your day
But something now really carried me away
Is that a Leary Machine you got there
Yeah Oh

Hope you're feeling free and better now
Your feelings gone
Hope your getting out more
Now your roof ain't on

Deanimation king who did not come to fix things
Now doesn't have to tell you why
So kick off your shoes
And feel some kind of free
Coz I may say things that make you feel beautiful

So kick off your shoes
So kick off your shoes

Oh that Leary machine
Yeah yeah yeah
