Fazer Eyes

Frank Black

Ooo, ooo, ooo, ooo, ooo, ooo
Ooo, ooo, ooo, ooo, ooo, oooStarin' on into night
Complete synapse
I switched on somethin' I did not see
May I leave? I believe I might
This sweet collapseBaby, I cannot get me free
When you've got your fazer eyes on meDrivin' on into where
I do not know
Shores that once were, by the sea
I'm seein' somethin' that is not there
It's so fast it's slowAnd it's playin' with my memory
And you've got your fazer eyes on meAccustomed to the frequency of glow, oh yeah
You won't be frightened of the real thing after the show
