

# It Feels Good to Be Around You (feat. Air France)

[Yumi Zouma](#)

I watched you from my balcony last month  
running through the park  
hoping to catch your bus  
Seven days ago I saw you headin home  
cycling through gnat-swarms  
the scents came back with the sun  
Twenty minutes ago on the way to the studio  
you were on the tram looking fucking top, and you asked:  
"are you with air france?"
