## Loxy

I am a lion and I want to be free  
Do you see a lion when you look inside of me?  
Outside the window just to watch you as you sleep  
Cause I am a lion born from things you cannot be  
How can I sleep at night, there's a war inside my head  
I found the lion hidden right beneath my bed  
I will not hide myself from the tears you have shed  
Cause I am a lion and you are dead  
Here's a story of everything we'll ever be  
You can hide but some of us can never leave  
And if you go I don't need those little things  
They remind me of all our little dreams  
Can you hear the words? All I can say  
We can watch the world, even if they walk away  
Forget about tomorrow, tomorrow is today  
You were born a lion and a lion you will stay  
I am a lion and I want to be free  
Do you see a lion when you look inside of me?  
Outside the window just to watch you as you sleep  
Cause I am a lion born from things you cannot be  
Remember an army of all those little kids?  
Livin life like they only get a little bit  
It's hard to fight when you're born in the middle-end  
I'd rather die than watch you givin in  
I'm sorry daughter but your fathers not the same

I can look into your eyes and I swear that I will change  
But tomorrow is tomorrow so forgive me if I say  
You can hide beneath the covers while I hide behind the pain  
After all only so much we can say  
Words can lose their meaning once you walk away  
Promise me that you'll love me, watch me as I fade  
I'll give you all the things that these lions never gave  
The hands on the clock & the things we cannot change  
Tearin out the pieces and take back what I made  
If there's one thing I'd keep, it's you that I would save  
Cause I am just a lion and a lion I will stay  
I am a lion and I want to be free  
Do you see a lion when you look inside of me?

Outside the window just to watch you as you sleep  
Cause I am a lion born from things you cannot be  
Hey! I never meant to let go  
All I want & you're all I'll ever wanna know  
Can't hide in the attic of a pretty home.. of a pretty home.. of a pretty home..  
Hey! I never meant to let go  
All I want & you're all I'll ever wanna know  
Can't hide in the attic of a pretty home.. of a pretty home.. of a pretty home..  
Hey!..  
I am a lion and I want to be free  
Do you see a lion when you look inside of me?  
Outside the window just to watch you as you sleep  
Cause I am a lion born from things you cannot be
