

Perch Warble

Guided By Voices

Perch warble
She wants to level it's ok
Hurry ???
??? it's too lateShe can bring you down a ways
She can take you all the way
And she'll hold you down
And she'll hold you downRepeat verseShe can take you down a ways
And I'm hoping she won't stay
And she'll hold you just to cuss you
And I told her not to trust you
And she's flying high
And she's leaving the yard
cause she's a rolling devil
She's a rolling devil
And she's rolling something away
