

# Wet Dream

## The Hot Toddies

Ev'ry night me go to sleep, me have wet dream  
Ev'ry night me go to sleep, me have wet dream  
Lie dung, gyal, mek me push it up, push it up, lie dung

You in your small corner, I stand in mine  
Throw all the punch you want to, I can take them all  
Lie dung, gyal, mek me push it up, push it up, lie dung

Look, how you big and fat, like a big, big shot  
Give the crumpet to big foot Joe, give the fanny to me  
Lie dung, gyal, mek me push it up, push it up, lie dung

Lie dung, gyal, mek me push it up, push it up, lie dung  
So me seh  
Lie dung, gyal, mek me push it up, push it up, lie dung  
In deh!
