

# Brand New

Keyshia Cole

I want you to wrap your hands around my body  
Take me to another place, let's get away from here  
I want you to let me know exactly how you feel  
No holding back, no strings attached, wanna touch your body  
Let me show you something brand new  
We're through, we'll talk all night  
What's on your mind?  
Let me show you something brand new  
We're through, we'll talk all night  
What's on your mind?  
What's on your mind? What's on your mind?  
What's on your mind? What's on your mind?  
What's on your mind? What's on your mind?  
What's on your mind? Yeah  
No one can make me, make me feel this way  
Way when you touch me  
Touch my soul, make me lose control  
I wanna feel everything you give to me  
Take my heart, take my body  
Take my love but give me all you got  
I don't wanna stop loving you  
Make me go but baby don't go  
Let me show you something brand new  
We're through, we'll talk all night  
What's on your mind?  
Let me show you something brand new  
We're through, we'll talk all night  
What's on your mind?  
What's on your mind? What's on your mind?  
What's on your mind? What's on your mind?  
What's on your mind? What's on your mind?  
What's on your mind? Yeah  
Don't stop the way you touch me baby  
Don't stop the way you love me baby  
Don't stop the way you touch me baby  
Don't stop the way you love me baby  
Let me show you something brand new  
We're through, we'll talk all night  
What's on your mind?

Let me show you something brand new  
We're through, we'll talk all night  
What's on your mind?  
What's on your mind? What's on your mind?  
What's on your mind? What's on your mind?  
What's on your mind? What's on your mind?  
What's on your mind? Yeah
