Lloyd

I'm lovin' how ya twurk, I'm lovin' how ya do
I'm lovin' what ya on, I'm so grown off of you
Now, don't quote me yet but girl I think ya might
Be someone for me in the day and in the night, oh Please believe I ain't the type to sweat ya close
But what's on my mind I gotta let ya know
That I'm thinkin' of steppin' to you and if I do bet I move ya
I ain't ya typical man, girl understand I'm diggin' you and I ain't tryna run no game
'Cause I'm in to you and you should know me by my name
And I ain't neva gon' lie 'cause I don't really gotta
Baby I'm certified, please believe And I'm cocky wit it baby I don't mean no harm
But I gots to get it 'cause yo' whit and yo' charm
Got me on something else baby you know the rest
I'm certified Now if I was to say you make me wanna sing
Would you understand what a *** really means
That yo little body is rockin' like a beat
And I got a rhythm that I bet you can freak, listen to me Please believe I ain't the type to sweat ya close, oh yeah
But what's on my mind I gotta let ya know
That I'm thinkin' by steppin' to you and if I do bet I move ya
I ain't ya typical man, baby understand I'm diggin' you and I ain't gotta run no game
'Cause I'm in to you, you should know me by my name
And I ain't neva gon' lie 'cause I don't really gotta
Baby I'm certified, please believe And I'm cocky wit it baby I don't mean no harm
But I gots to get it 'cause yo' whit and yo' charm
Got me on something else baby you know the rest
I'm certified, ooh I'm certified, qualified by my dolla signs
I like to get it up live it up, what's ya Prada size
Now, usually I don't do this but boo you got me choosin'
My navigation get me there, let's go somewhere exclusive You feel bougie, you can Moulin Rouge me or you
can
Keep it real and chill and watch a scary movie
I been around the world so I can turn you on to some'in'
Keep doin' what ya doin', girl, girl you on to some'in' I'm diggin' you and I ain't tryna run no game
'Cause I'm in to you and you should know me by my name
And I ain't neva gon' lie 'cause I don't really gotta
Baby I'm certified, please believe And I'm cocky wit it baby I don't mean no harm
But I gots to get it 'cause yo' whit and yo' charm
Got me on something else baby you know the rest
I'm certified I'm diggin' you, girl I ain't tryna run no game
'Cause I'm in to you and you should know me by my name

And I ain't neva gon' lie 'cause I don't really gotta
Baby I'm certified, please believe, please believe And I'm cocky wit it, betta ask somebody
