Don't Beg for Love

Kristina Train

When I hurt you, be good to me
When I tell you what I see, don't punish me
Just smile, as your burning out
You'll find somebody
(Don't beg for love)
There'll be somebody
(Dont beg for love)
I'm tired and I'm still here but i'm not yours anymore
No more
There were nights when you held on to me
Felt the shiver, and it was no good for me
Just smile, as you blow away
And you'll find somebody
(Don't beg for love)
There'll be somebody
(Don't beg for love)
I'm tired and i'm still here but i'm not yours anymore
No more
(Instrumental)
Smile as i've given up
Go and dance on your own
Dont beg for love
On the floor let me go
It's too late for love
I'm tired and i'm still here but i'm not yours anymore
No more, no more
