

# Boat

## Mount Eerie

I was born out of nowhere  
And back to nowhere I'll return  
But for now the river next to the house  
The river inside the house, and a person's form  
Disconnected and drifting in my boat  
I built this boat on the shore  
Pushed it into the waves and was born  
In this boat, blown across the north  
Another island appears and then goes  
Mind only plus the ocean and my boat  
There's no way I will be able  
To ever step outside of my boat
