Everybody Needs Somebody To Love

Solomon Burke

I'm so happy to be here tonight
So glad to be here in your wonderful city
And I have a little message for you
And I want to tell every woman and every man tonight
That's ever needed someone to love
That's ever had somebody to love them
That ever had somebody's understanding
That's ever had someone to need your love all the time
Someone that's with them when they're up
Somebody that's with them when they're down
If you had yourself somebody like this you better hold onto 'em
Let me tell you something
Sometimes you get what you want
And you lose what you have
There's a song I sing
And I believe that if everybody would sing this song you can save the whole world
Listen to meEverybody needs somebody
Everybody wants somebody to love
Honey to hug, yeah
Sugar to kiss
Baby to miss now, yeah
Baby to tease
Sometimes to please, yeah
And I need you you you
And I need you you you
In the morning baby you you you
When the sun goes down you you you
Ain't no nobody around you you youWhoa listen to me, sometimes I feel like
I feel a little sad inside
When my baby mistreats me
And I can't get a little little mad
But I need you you you
Just to see me through children
Somebody to hold my hand
When I feel a little lonely, oh but I want to hear you say yeah
Oh baby say yeah, I want to hear you say yeahI say yeah yeah
Yeah
Somebody
I just want my woman to stand up and say I love you

I want someone to be a witness tonight
I just want to say I love you, I wanna hear you say I love you ohhh
I just want somebody to squeeze tonight yeah
