Something

Shakira

Quand tu, quand tu me prends dans tes bras
Quand je regarde dans tes yeux
Je vois qu'un dieu existe
Ce n'est pas dur d'y croire
Before I met you, I wasn't terribly lucky
Every Prince Charming lost charm after twelve
But then, you came and made the past look so funny
Put my old sadness to sleep on a shelf
If this was meant to be
Don't condemn me to be free
And even if we never marry
I will always love you baby, childishly
'Cause, something
You've got something I can't resist
Things are what they will be
When I look into your eyes
They say to me, that Gods do exist
And there's something
You've got something I can't resist
Things are what they will be
When I look into your eyes
They say to me that Gods do exist
You make me believe, you make me believe
I love the temperature and smell of your body
The shape of your lips and the size of your nose
I love that everything you say, is so funny

Plus, you're the best kisser that I've ever known
You see the way I am
Without make up, without clothes
And you accept me like nobody
And I will always love you baby, with eyes closed
'Cause something
You've got something I can't resist
Things are what they will be
When I look into your eyes
They say to me that Gods do exist
And there's something
You've got something I can't resist

Things are what they will be
When I look into your eyes
They say to me that Gods do exist
You make me believe, you make me believe
Quand tu, quand tu me prends dans tes bras
Quand je regarde dans tes yeux
Je vois qu'un dieu existe
Ce n'est pas dur d'y croire
There's something I believe
There's something I believe
There's something I believe
I do, you make me believe
