

# Somebody I Used To Know (Aaron Molho remix)

## Gotye

Now and then I think of when we were together  
Like when you said you felt so happy you could die  
    Told myself that you were right for me  
    But felt so lonely in your company  
But that was love and it's an ache I still remember  
    You can get addicted to a certain kind of sadness  
        Like resignation to the end, always the end  
        So when we found that we could not make sense  
        Well you said that we would still be friends  
But I'll admit that I was glad that it was over  
    But you didn't have to cut me off  
        Make out like it never happened and that we were nothing  
        And I don't even need your love  
        But you treat me like a stranger and that feels so rough  
        No you didn't have to stoop so low  
Have your friends collect your records and then change your number  
    I guess that I don't need that though  
        Now you're just somebody that I used to know  
        Now you're just somebody that I used to know  
Now you're just somebody that I used to know  
    Now and then I think of all the times you screwed me over  
        But had me believing it was always something that I'd done  
        And I don't wanna live that way  
        Reading into every word you say  
        You said that you could let it go  
And I wouldn't catch you hung up on somebody that you used to know
